Parking

There is plenty of parking available at the Shops at Fallen Timbers. We will have a few parking lots coned off for Medical and after race activities. We ask that runners do not park in the lots closest to JC Penny nor the hotel parking lot.

Staging Area

The 5K is staged and starts at the Shops at Fallen Timbers. The Half Marathon runners will be bused to the start of their race in Perrysburg. Do not get on the bus if you are participating in the 5K. There will be porta-pots outside close to the starting area.

Course

Runners will run with traffic (stay to the right) for the entire course- This is very important for safety and will be enforced. There will be police officers and course marshals on the course but no roads will be closed for the event. Please be aware of traffic, obey the rules of the road and treat the course as open. The course will be marked by orange spray chalk and direction boards. Please review the course map and know the course before the race.

Water stops

There will be 1 water stop around 1.5 miles. It will have water, and Gatorade. There will also be a porta-pot.

Medical

ProMedica will be staffing a medical tent near the finish line. If you need medical attention at any time after the race please find a race official to help you get to the medical tent. If you need medical attention on the course have someone dial 911.

Timing Chips

We will be using the ChronoTrack B-tag system. Please pin all four corners of the bib to the front of the torso so it is clearly visible. Do not fold or wrinkle the bib and do not cover the bib with a jacket, runner belt, water bottle, etc.

Train

While the 5K does not have any trains to worry about, the Half Marathon race does. As both races will start simultaneously and we feel there is any danger to runners, we will delay the start of the races until the train has passed.

Party Tent

Only registered runners will be allowed in the party tent. Each runner will be served a 2 beer maximum, please keep your bib with you as you will need the drink tickets attached to your bib to receive your beverage. No one under 21 will be served!
